DO NOT store or load with: n/a

Segregate from: n/a

EMERGENCY PROCEDURES

**FOR EMERGENCY ADVICE CALL
0800 CHEMCALL (0800 243 622)**

IF THIS HAPPENS	DO THIS
Tanker/Vehicle Accident	Switch off engine and electrical equipment. Keep people away, warn other traffic. Call the emergency services on 111.
Spill or leak	Use appropriate protective clothing and equipment. Large spills: dike and pump as much as possible to a salvage container. Absorb remaining liquid and any smaller spills with clay, sand or other absorbent material and sweep to a waste container. Cover the spill area with water and absorb residue. Spills may be slippery and should be cleaned up promptly. Prevent runoff reaching drains. Refer to the product label or local authority for waste disposal advice.
Fire	Call the Fire Service on 111. Heating may cause expansion/decomposition leading to rupture of containers. If safe to do so, remove containers from path of fire. Cool heated containers with water spray. Vapours of heated material may be toxic. Use self-contained breathing apparatus. Fire Fighting Instructions: Alcohol resistant foam is preferred firefighting medium but if it is not available, standard foam can be used. Note that addition of water may cause excessive foaming. Do not allow contaminated extinguisher runoff to enter drains.

FIRST AID

**24 HOUR ADVICE IN A FIRST AID EMERGENCY
0800 POISON (0800 764 766)**

If swallowed	DO NOT induce vomiting. Rinse mouth with water. For advice contact a doctor or the National Poisons Centre on 0800 POISON (0800 764766).
If in eyes	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do and continue rinsing. If eye irritation persists, get medical advice/attention.
If on skin	Remove contaminated clothing, flush skin with running water. Do not scrub skin.
If inhaled	Ill-effects are unlikely. Remove affected person to fresh air. Get medical attention for any symptoms that develop.
