

Bio TREAT

FULVEX 9500

*Active Ingredient:
Contains 95% Fulvic Acid
Concentration*

STORAGE: Keep out of reach of children. Keep cool in a well-ventilated area away from moisture and heat, food, drink and animal feeding products.

FIRST AID: Call the National Poisons Centre 0800 POISON (0800 764 766) (24hrs or a doctor for advice).

WARNING: Do not swallow. Avoid inhalation and contact with eyes and skin.

Exempt from ACVM Registration and is a NON-Hazardous product

Pure fulvic acid concentrate derived from natural organic matter decomposition. This powerful chelator binds with over 70 essential minerals and trace elements, creating readily available nutrient forms that plants can easily absorb and utilise.

Suitable for pasture, crops and horticulture.

DIRECTIONS FOR USE:

100 - 200g per hectare

Can be applied through foliar spray, soil drenching, or irrigation systems.

Contains
20
KG
