NoPests X-it Ant Insecticide

CORROSIVE: May cause serious eye damage and mild skin irritation.

Harmful if inhaled or swallowed. May cause damage to organs through prolonged or repeated exposure. May cause an allergic skin reaction. Very toxic to aquatic life and terrestrial invertebrates with long lasting effects. Very toxic to terrestrial vertebrates and harmful to the soil environment.

PRECAUTIONS: Store in original container tightly closed away from foodstuffs. When mixing and applying use protective clothing - overalls, waterproof gloves and goggles, respiratory protection is recommended. Avoid release to the environment.

DO NOT breathe mist/spray. Wash any areas of the body that have come into contact thoroughly after handling. **DO NOT** eat, drink or smoke when using this product. Dispose of this product only by using according to the label. Triple rinse empty container with water and add to spray mix. Puncture empty, clean container and dispose of safely with domestic rubbish. **DO NOT** contaminate onto or into any waterbody, sinks or drains with chemical spray or rinsate.

FIRST AID: If medical advice is needed, have product container or label at hand. If splashed in eye, flush with running water for 15 minutes. If skin or hair contact occurs flush skin and hair with plenty of soap and water and remove contaminated clothing. **If skin irritation occurs:** Get medical advice/attention. If inhaled remove to fresh air and keep at rest in a position comfortable for breathing. If swallowed **DO NOT** induce vomiting, seek medical advice or call the **National Poisons Centre 0800 764 766** immediately upon exposure. If breathing has stopped, begin artificial respiration. Use mouth-to-nose rather than mouth-to-mouth. V09/19

DIRECTIONS FOR USE

DO NOT use indoors

SITUATION: Domestic dwelling exterior - including roadside curbing, footpaths, lawns, gardens, bark, soil, concrete, asphalt, pavers and exterior walls.

PESTS: Nuisance ants including but not limited to Argentine ants, Darwin ants, black house ants, white footed house ants, odorous garden ants, pavement ants and cockroaches.

RATE: 15 ml per 1L water

CRITICAL COMMENTS: Apply to nest sites and trails outdoors. Also to exterior walls where ants are trailing. Repeat as necessary. Ensure a maximum of 1L of spray liquid is applied per 20m² of surface area.

SURFACE SPRAY ONLY: DO NOT spray into the air or at higher rates than in this label. **DO NOT** spray onto surfaces that come into contact with food. **DO NOT** use on food crops. **DO NOT** spray personal contact items, eg clothing, footwear, towels or bedding. **DO NOT** spray pets. Remove pets from treated areas prior to application. Cover fish ponds before application.

NOTICE TO BUYER: The manufacturers and vendors of NoPests X-it Ant warrant the formulation to contain the specified active ingredient within accepted tolerances but make no warranty of any kind on the uses of material and accept no responsibility, whether the material be used in accordance with the directions or not.
