

READ LABEL BEFORE USE

DIRECTIONS FOR USE: SHAKE WELL BEFORE USE

GERMAN, PAPER AND COMMON WASPS - (40g - 250g per nest)

Apply dust through the entrance of holes. The amount used is dependent on the size of the nest and the number of entrance holes. Treat at night when the wasps are least active. Users should wear appropriate protective clothing to prevent wasp stings (long sleeved overalls buttoned at the wrist and neck, gloves, head covering and a bee veil). When applying, a dust mask should also be worn.

COCKROACHES, ANTS AND OTHER CRAWLING INSECTS - (10g/m²)

Puff powder into cracks & crevices. Attention should be given to areas where insects like to congregate eg: warm dark areas and around heat sources (stoves, radiators, fireplaces etc).

DANGER

KEEP OUT OF REACH OF CHILDREN

NOPESTS® WASP & INSECT DUST 100g_{NET}

20g/Kg Permethrin 40:60 in the form of a dust.
Use to control wasps, ants, cockroaches and

GENERAL INSTRUCTIONS

NoPests Wasp & Insect Dust is a ready to apply dust. This product should not be mixed with other products. After application powder deposits should be left undisturbed for as long as possible.

PRECAUTIONS

Do not breathe dust or get on skin. Wear gloves. Use outdoors or wear dust mask. Wash hands and exposed skin after use. Wash contaminated clothing separate to household laundry.

TOXICITY

May cause allergy or asthma symptoms. If inhaled. May cause an allergic skin reaction. May cause damage to organs from repeated or prolonged exposure.

ECOTOXICITY

Very toxic to aquatic life and with long lasting effects. Hazardous to terrestrial vertebrates. DO not apply directly into or onto water. Take all reasonable steps to ensure no significant adverse effects to the environment beyond the application area. Do not apply to where bees are foraging or plants flowering and may be visited by bees.

FIRST AID

If medical advice is needed have product label or container at hand. For advice contact the NATIONAL POISONS CENTRE 0800 POISON (0800 764 766) or a doctor. If inhaled and breathing is difficult, move to fresh air and get medical advice. If on skin, wash with plenty of soap and water. If irritation or rash occurs get medical advice.

STORAGE

Store in closed original container in cool place out of reach of children. Do not store in direct sunlight.

SPILLAGE & DISPOSAL

Collect spills. Dispose of unused product and waste to a hazardous waste facility. Dispose of empty container in a closed bag, in household rubbish collection.

CONDITIONS OF SALE:

Storage, application and use of this product is beyond the control of the Distributor of this product.
